

Freeze for Peace

on the

United Nations'

International Day of Peace

September 21, 2017

***Join Millions of People Around the World
in Observing this Day of Global Commitment to Peace***

Students from all over the world are invited to freeze (to stop as if you are frozen) wherever you are, take a deep breath, and think about something peaceful for 30 seconds. Share the information far and wide and let us know if you, your family, an organization, the kids in the neighborhood or your school, will be participating...Your school leaders can decide what time and what reminder they will use to announce the moment to "Freeze for Peace."
